

Nurse Log Journey

Point of View

First, watch the video about "nurse logs"

Take a journey on a nurse log (or somewhere else)

Imagine what it would be like if you were an ant, slug, etc.

1. Experience: What would the journey be like? What would you see, feel, hear?

2. Peaks and Valleys: What hardships would you encounter? What excitement?

The Next Trip: What would make the journey easier, more enjoyable?

Connection: When might you have felt the way this critter did on his/her journey?
