Re: Site Plan Submission from Meena, LLC

Dear Chair Swanick,

In accordance with the Planning Board's instructions for submittals, please find enclosed ten (10) copies of the following updated information from Meena, LLC.

A revised Drainage Analysis, Drainage Plans and Summary Drainage Report

An updated SPCC plan including the Source Control Plan

Updated Design Plans

These updated documents and supporting information address all concerns raised by Northpoint and the Superior Court has resolved the issue over whether a special use permit is necessary. Once the stay has been lifted, I would ask that you put this application back on your agenda for further consideration.

In the meantime, if you or the Planning Board have any questions about this updated plan, please do not hesitate to contact me directly at mjohnson@devinemillimet.com or at (603) 695-8727.

Thanks in advance for your continued careful review of this important project.

Very truly yours,

/s/ Matthew R. Johnson
